
In this modern classic, the author speaks to the urgent need for discipline in today's culture. Without mincing words, Richard Taylor deals with the areas of living that hamper Christians from reaching their full potential: overreacting, moodiness, erratic emotions, tardiness, lack of submission, weak priorities, and more. He then lays out a clear plan for how to become a disciplined person, starting with developing a personal philosophy of discipleship. Author Richard Foster calls The Disciplined Life "A sharp, staccato plea for disciplined living in an age of self-indulgence."
